(Address of Utility)

(c) That: In a 24 day period Meade Cty
(Describe here, attaching additional sheets if necessary,
Water is billing me for over 32,000
the specific act, fully and clearly, or facts that are the reason
gallons of water used from 11-12-04
and basis for the complaint.)
to current date. I do not have a leak
on my property. My septic tank only holds

Formal Complaint

Patricia M Johnson vs. Meade City Water District

Page 2 of 2

1,000 gallons of water of which there is only a 300 gallon
play of water a day (It stays full up to 700 gals. a day)
We have contacted the guy who installed our septic tank
and Paul Schutz from the Environment office who both have
stated that our land and our neighbors would be flooded
completely with water if 32,000 gals of water leaked
out. (Cont on separate sheet)

Wherefore, complainant asks During the billing of 11-12-04 to
(Specifically state the relief desired.)

12-17-04 and the next billing be reasonable
billed for a household of 3 so that we can
pay it. and that the new meter stay on
the property for future billings.

Dated at Vine Grove, Kentucky, this 8th day
(Your City)

of January, 1st 2005

Patricia M Johnson vs Meade Cty Water
Page 1 (Cont)

We told Meade Cty Water that we do not have a leak and that there is no way 32,000 gallons of water went through our septic tank in 24 days and to come and test their meter. They said it would cost us \$500 to test and replace if there was nothing wrong with it.

They said they tested it and it works fine, but I am disputing their tests and am witnesses to these tests that work for the company.

I am saying that during the cold spells and all the snow we had that some of the numbers froze together so that when one number spun over it spun a lot of them. Something outrageous or unbelievable had to happen like that because everyone we have talked to says that 32,000 gallons of water were not used at this household.
